March 2024

Side Notes:

Pre-camp Packets, aka PCP, are being mailed this week. Please take the time to carefully read through yours. If you don't receive it in a reasonable time frame please let us know. We will also upload a copy to your CampMinder account in the "Forms and Documents" section.

Keep your packet throughout your camper's stay and refer to it when needed!

Does your camper take prescription medication, daily vitamins and/or supplements? If YES, then you must sign up for CampMeds (page 19 of the PCP).

May 1st—Forms due! Guess what? You can start now because forms are already available. Try the Companion app (pg 22) for easily upload medical and insurance forms.

It's in the bag! Page 7 of the PCP

Stick to the packing list!
"That's all I have to say about that."

For Chicago families that will be using Camp Baggage Express, please make sure you adhere to the bag size & weight requirements or it will not be accepted.

- No more than 42" long and 70 lbs
- No wheels

Even if you are not using Camp Baggage, the weight and no wheel restrictions still apply. For bags coming in over the weight limit, we will discreetly ask the camper to choose items to send home to get under 70 lbs. The SMA will be charged for the return of items.

A few other note worthy bag items:

- NO bags will be allowed under the bus except Rookie 1's and campers flying into Chicago.
- Sleeping bags are not be allowed under the bus. They must be packed in your camper's duffel.
- You must load your own bags. Bus drivers will not be able to help.

On Sunday, it's an Agawak tradition for campers and staff to wear White tops and Blue bottoms to lunch and dinner.

Campers may wear any ALL white top. The bottoms must be navy blue (not black) and not sweatpants. You can pre-order white t-shirts with the Agawak logo for \$15 (charged to your SMA). These shirts will be waiting at camp when your camper arrives. You will be emailed a Google form to order but may use the link below. Complete one form per camper indicating the size and number of shirts your camper needs.

RETURNING CAMPERS Don't forget to make sure you have uploaded a recent picture of your camper. Counselors really appreciate having a sneak preview of their campers before they arrive. As you can see some campers can look quite different in just a few years. Let's make sure you are in the right ERA!
