

CAMP AGAWAK WILDERNESS TRIPS

2017 P.A. Porcupine Mountains Trip- Packing List

Footwear			
Equipment	Qty.	Comments	Checklist
Water Shoes	1	Look for shoes with good foot and/or ankle support and sturdy soles. You will be canoeing & portaging in these shoes. Keens, Chacos, and Texas are only allowed if they have closed toes and fully-enclosed backs.	
Camp Shoes	1	Cross-trainers, tennis shoes, or hiking shoes in good condition for around camp and for short hikes	
Wool Socks	3	Heavy wool, merino wool or ragg, or thick polypro (NO COTTON!)	

Upper Body Clothing			
Equipment	Qty.	Comments	Checklist
Light-Mid Weight Top	1	Synthetic or merino wool base top. Athletic-type fabrics with wicking capabilities.	
Fleece Layer	1	Any fleece layer of at least 100-200 weight fleece. Zip up or pull over. Can be cold at night.	
Rain Jacket	1	Should be 'rain/water proof' not just 'water-resistant' fabric. Durable & Heavy duty waterproofing is highly recommended. Should be large enough to fit over all other layers when used as a 'shell'.	
Lightweight Short-sleeve top	1	Athletic type materials should be worn as this wicks best and dries quickly if wet.	
Sports Bras	2	Synthetic, wicking materials are recommended	

Sleep Shirt	1	Cotton, Breathable T-Shirt for sleeping only	
Head Net(optional)	1	Can be buggy	
Swim suit	1	Will be canoeing, and swimming	

Lower Body Clothing

Equipment	Qty.	Comments	Checklist
Light and warmer Pants	2	Leggings or tights of athletic material (think yoga or running pants) Can be colder at night bring a heavier pair of pants as well.	
Fleece or Flannel Pants	1	To be used as insulated layer underneath rain pants. Pajama pants made of synthetic materials or wool work great! (NO COTTON)	
Rain Pants	1	Waterproof and Durable Pants that are large enough to fit over other pants layers	
Shorts	1	Athletic shorts are fine. They will be used for hiking and around camp when it's warm enough	
Underwear	3	Personal preference. Synthetic materials are great because they dry quickly, but women prone to Urinary Tract Infections should pack cotton underwear for its breathability	

Sleeping Equipment

Equipment	Qty.	Comments	Checklist
Sleeping Bag	1	We recommend synthetic bags rated to 20 degrees F. It should compress down to fit into a compression sack.	
Compression Sack/Dry Bag	1	As the sleeping bags will need to fit into your pack, you will need a compression sack to fit your sleeping bag into. This also helps keep it dry when paddling in wet conditions.	
Camping Pillow	1	(OPTIONAL!) Small compressible or inflatable pillow for use while out camping. A jacket can also be balled up & used in-place of a pillow.	

Personal Gear

Equipment	Qty.	Comments	Checklist
Sunglasses	1	Highly recommended w/ UV protection work. Polarized are a plus on the water	
Sunscreen	1	Must be 30SPF or higher.	
Lip Balm	1	Stick or cream. Be sure it provides sun protections	
Bug Spray	1	Camp will bring bug spray as well	

		Small Bottle (non-aerosol). DEET de-waterproofs your gear and leaches into your skin. If you plan to wear DEET spray, bring extra bananas to spray it onto and then tie around your head/arms, etc.	
Water Bottle	2	Wide-mouth bottles. Must hold at least 1 Liter each. (Camelback/Nalgene size)	
Journal	1	Small Packable journal w/ pen or pencil. Avoid large/heavy notebooks	
Toiletries		Toothbrush & Travel size toothpaste container. <u>Unscented</u> feminine hygiene products, and other personal hygiene products.	
Glasses/ Contacts		If this pertains to you...bring an extra pair of contacts and/or your spare glasses in case you have eye issues on trail!	
Camera	1	(OPTIONAL!) Small, light durable digital camera w/ spare batteries or a disposable camera	
Headlamp	1	Headlamps are more versatile than traditional flashlights and great for hands-free use.	
Crazy Creek Chair		(OPTIONAL!) but great for sitting w/ backrest on the canoe seats and for around campfires
