HAPPY HALLOWEEN!

By Lilly Barnow

It's an Agawak tradition to have a camp Halloween on the last day of June. Everyone looks forward to dressing up and winning candy! There are lots of games, firetruck rides, scary stories on the hay ride, a haunted house, a dunk tank, and cookie decorating. This year the most popular costume was a nerd. Every year the JC1's (first year counselors) scare everyone in the haunted house. It was hospital themed and the bloody doctors scared all the girls. Julia Spathis said that they came up with the theme because they wanted it to be a little different this year. She said it took them all day to set everything up and get their makeup and costumes on! Julia's favorite part was where she was pretending to hit Julia Zazove with a canoe paddle. The campers loved playing games for candy and dunking their counselors in the dunk tank!

Cupcake Wars!

By Audrey Smith

Cupcake Wars does not involve throwing of any cupcakes! It is a Blue and White where the teams are split up into groups. Each group gets one cupcake per girl, and everyone gets to decorate one according to a theme. The theme this year was holidays. The team leaders take all the cupcakes and organize them on one giant display. The judges pick the winner based on creativity, group cohesiveness, and overall appearance. The White team won!

Blue vs. White is in full swing this summer. The teams have been competing in the Big Games such as dodge ball, soccer, and basketball. They have also worked hard in the tenathlon, where they compete in ten events in their Lip Sync groups. Some of those events were a swim relay, kayak relay and Red-Girl relay. Red-Girl is where the teams have to fill up a cup with water after jumping into the lake, using anything but their hands.

Midnight Movie!

By Tessa Maurer

When the camp was woken up at 11:25 PM for a movie at midnight, some girls were scared with stories from their counselors. Others couldn't even be woken up, they were so tired! In Cabin 1, the counselors were shaking and tickling the girls, but they wouldn't wake up until they screamed "It's midnight movie! Wake up everyone!" In other cabins, the counselors worked together to scare all the campers with a story of an intruder! But everyone knew it was midnight movie. The Juniors and Intermediates saw Monsters University and loved it! The Seniors Saw Now You See Me, most people stayed awake through the whole thing! Everyone was very tired the next morning though.
