New Parent Orientation

Don't throw your pre-camp packet away!!

Keep it until your daughter returns home. It contains lots of information that parents can refer back to all summer long.

Where can I find travel info? Pages 4-6

Should I send valuables? Page 18

Can I call my daughter? Page 22

What is the health center phone number or email?
Front inside cover

What are office hours? Page 23

What is the visiting day schedule? Page 12

Does my daughter need a COVID test before coming to camp? Page 25

How much is in my daughter's SMA? Page 21

Who can I call to check on my daughter? Page 24

We are always happy to answer your questions, however it is often quicker to refer to the pre-camp packet first.

Forms—Due MAY 1st:

- A photo of your camper counts as a form. If your camper is returning, please replace old photo with a more current one. This picture is used by counselors, the health center and office staff to help identify your camper.
- If your camper can't get a physical before May 1 because of insurance reasons and you've told us, it's OK. However, you will still get the "missing forms" reminder emails.
- Travel information is ready for you to complete—It is considered a form.

FROM THE HEALTH CENTER

R_x Any camper (except Rookie 1) who will be taking prescription medication(s), and/or daily vitamins or supplements while at camp **MUST** register with CampMeds. MUSIC PLAYERS

Many parents ask about music players for their camper. Long gone are the good ole days of Sony Walkmans and cassette players. Here are a couple on the market that we know of (and probably more we don't) - SanDisk, Campfire Player and Mighty Vibe player all adhere to our rules about electronics. No internet capability is key. Thank you for following the rules.
