PRE-CAMP PACKETS will be coming your way the beginning of March. A packet will be mailed to both primary and secondary households. **Hold on to your packet until your camper completes their camp session. Lots of questions can be answered by the contents.** It is important to go over camp's policies with your camper. Even if your camper is a "veteran", go through the packet with her. There are new changes each year. We want all campers and parents to know what to expect in terms of behavior, prohibited items, etc.
