Be on the look-out for more staff announcements - Returning and New

What's happening around camp these days?

Campfire is always a special time on Sundays. It is a time to sing some silly camp songs, listen to creative writing, enjoy the talented musicians and reflect on the week. Next summer we will be sitting in style as our wonderful maintenance guys have given our tushies an upgrade.

When building the new lodge, we had to take down some of our beloved trees. Mary did her best to repurpose the wood wherever possible. The beautiful new bleachers at campfire are one of these projects. Good thing we snapped this picture this fall as campfire and the bleachers are now covered with snow.

SPIRIT DAY 2024!

THANK YOU!!
